MEMORANDUM FOR: CIA Member, COMIREX
DIA Member, COMIREX
NPIC COMIREX Consultant

SUBJECT: Imagery Resources File Data Call

REFERENCE: CMX-DS-17.02/1, 6 Jan 1983

1. The National Tasking Plan for Imagery Processing and Exploitation (NTP) requires the COMIREX to maintain an Imagery Resources File (IRF) of information on the imagery processing, exploitation, and support resources subject to tasking under the NTP. Attached is a COMIREX approved description of the IRF (referenced document) which provides guidelines for collection of the data needed to carry out this task. (See Attachment 1.)

2. This memorandum is the initial call for IRF data. Blank forms for your use in compiling and reporting the required data are attached to CMX-DS-17.02/1. Your response by 9 February 1983 will be appreciated. Future data submissions will adhere to the schedule as established in the attached IRF description.

3. The OICE project officer for the IRF is [redacted] of the Exploitation Systems Branch. Questions may be directed to [redacted] on black line [redacted]
